1980 INDEX

Vol 141-142

Jan — Dec

For Journal readers' convenience, the 1980 index has been provided as a liftout. The blank page of the index should be pasted to the Journal binder for easy reference.

Index to Authors

A **Agcarm:** Developing an animal remedy, May 33. **AgVet:** Vet's View, Apr 57; May 73; Jul 21; Aug 71; Sep 31. **Auchinvole, C.** Open day and demonstrations at Newstead AB Centre, Jun 49.

B **Ball, R.** & Crush, J. Pasture growth - to the power of N, Jul 17. **Barker, R.** Milking machines for goats, Aug 41. **Bell, M.** Four basic factors: Men...stock...grass... money, Jul 81. **Berry, I.** Keeping bees: Requeening—why I prefer it in the autumn, Jan/Feb 45; Harvesting the honey, Mar 52; Mechanical aids, Apr 63; Choosing a site, May 55; Where the bee sucks... some inside information on honey, Jun 81; The pollinators, Jul 67; Home-made frames, Aug 89; Job opportunities, Sep 77; Group exports of beeswax, Oct 75. **Beswick, G.** A young boy's first love, Jun 103. **Binnie, B.** & Dalton, C. Using Sheeplan to buy a ram, Aug 25. **Bird, M.** Those magnificent men..., Mar 29; A fungus for the future, Mar 40; Automatic shearing — still not past square one, Apr 53; The Journal's 70th... Jun 29. **Bourke, I.** No-name brands — good news or bad?, Jan/Feb 55. **Bremner, K.** Follow my "leader" — techniques for training sheep, Sep 25. **Burney, B.** Exotics — a guide to some that may be grown in New Zealand, Mar 58; Exotics: some more that may be grown in New Zealand, Apr 56. **Butterworth, B.** "Rotary" fizzles out; now it's "abreast", Jan/Feb 19; The Arab — "prince of palfreys" Jan/Feb 63; Smithfield '79, Mar 64; Low-cost diet feeder, Apr 67.

C **Cameron, M.** Information explosion, Aug 47. **Campbell, J.** Fertilisers — What of the future? Mar 43. **Chasan, D.** Pest management programme, Aug 67. **Clarke R.,** Dickson, A. Logistics of farm water supply, Jul 38; Four main points, Oct 29. **Collier, C.** Plan what tax you'll pay, Oct 85. **Cooney, L.** A do-it-yourself cooker conversion to LPG, Jul 57. **Cornforth, I** & Unwin, R. Fertilising for better barley harvest — Manawatu and Rangitikei needs assessed, Jan/Feb 29; A simple test for N status of plants, Nov 39. **"Cornsack":** "We are all in the gutter, but some of us are looking at the stars", Aug 7. **Crooks, M.** Garden notes — activities for May, May 75; Winter gardening is not all gloom! Jun 99; Warmer days are not far off, Aug 102. **Cross, D.** Frost protection, Nov 25.

D **Dalton D.** Ruakura Farmers' Conference, 1980 and Open Days at Ruakura and Whatawhata, Jun 43; Lamb Deaths... look the other way, Aug 13. **Dawbin, N.** This burner could cut grain-drying costs, Jul 51; Shelter, Jul 61. **Dawson, J.** *et al* Easy answer in a 44-gallon drum, Jul 13. **Donavan B.** & Read, P. Lucerne seed-setting — the role of the leaf-cutter bee, Oct 67. **Douglas, J.** Persimmons and Loquats — viable prospects for New Zealand, Nov 19. **Du Faur, R.** Farm accounting: Reconciling your stock is fundamental to deferring tax liability, Jan/Feb 51. **Duirs, G.** Detection of mastitis in dairy cattle, May 46. **Du Tolt, G.** How insecticides work, Apr 37.

E **Ellet, T.** Dairying's future needs, Jul 9. **Elliot, M.** After the floods... back to the farm, Sep 7. **Elworthy, P.** Ravensdowne Co-op, Oct 28.

F **Ferguson, A.** & Waller J. Pests cause high grain loss, Nov 71. **Fowler, M.** Root-rot — maizegrowers must live with it, Sep 45.

G **Gallaway, L.** Wool handling with style, Oct 35. **Gerard, R.** More than just a way of making money, Aug 81; **Gibbons, H.** One man's attempts to market cartoned milk, Jan/Feb 59. **Giles, K.** Only one way to find out — have a try! Aug 77; **Goodwin, D.** 20th Golden Shears — report, Apr 43; 2nd World Championships — report, Apr 44; The personalities, Apr 48; Fieldays Product round-up, Jun 53; Inland Revenue — new standard values for all stock?, Jul 7;

Bark — a valuable resource for horticulture? Aug 17; Countrywide intelligence service, Aug 55; McLean: Maize growers must compete, Sep 65; One way to cut costs, Oct 51; Milk now has to compete, Oct 95. **Graham, Frank C.** Farm Desk: guest editorial, May 5. **Gray, M.** & Jackson, L. Kiwifruit — Slice and spread it thinner, Nov 43.

H **Haig, P.** Pre-wilting is a paying practice, Oct 111. **Harris, G.** & Werder, F. Stopping the decline of our small towns, Jan/Feb 24. **Hellawell, C.** Timber treatments, Oct 41. **Hellstrom, J.** Pests and diseases: Leptospirosis, Aug 61. **Hayward, D.** Market comment, Jan/Feb 37; Mar 69; Apr 61; May 52; Jun 89; New grain cooling system: successful installation cuts costly losses, Jun 32. **Heyes, H.**, Nisbet, T., Murphy, B. Cold water cleaning gives the farmer a choice, Jan/Feb 17. **Hill, R.** Find out what's in the soil and in the plants, Mar 50. **Hodgson, N.** Country Home — Papua New Guinea crafts, May 78. **Houldgreaves, I.** What — a fluke? May 37; Intensive farming must mean intensive husbandry, Aug 64.

J **Jackson, D.** Mechanical (raspberry) grape harvesting, Jul 53; What future for table grapes, Sep 59. **Jackson, J.** Under the greenwood tree — has wood really been forgotten? Jun 85. **Jones, P.** Radical change in tractor design, May 49. **Jones V.** Guest nation: New Zealand, Jun 39.

K **Kerr, C.** The rewards are real, Oct 55. **Kettle, P.** Drenching policy can help breed resistant worms, Oct 63. **Kilgour, R.** The "animal welfare" movement — challenge and opportunity, Jan/Feb 32. **Kirton, A.** Clues in the lamb schedule help you plan production, Jan/Feb 35; Overfat lambs should get the chop, Nov 65.

L **Langley, J.** Seaweed — myth or magic?, Mar 47. **Lawn, G.** Concrete suggestions for a concrete slab, Oct 43; "There's more in the internal bays... Nov 29. **Leonard, M.** Breeding from your pony mare — Part 3, The foal is born, Jan/Feb 43; Part 4, Care of the foal from birth to weaning, Mar 55. **Lough, R.** Is wheat worth it? Jul 73.

M **Mabbett, H.** "The most efficient wood-burning stove in the world", Jan/Feb 38. **MAF:** Sheepdipping, May 39; The knowledge Industry, Sep 39; Latest titles, Sep 81; Dear computer, I have a problem... Oct 91. **Mander, M.** Farm values up 15%, Apr 33. **Mason, P.** Lungworm in red deer, May 42. **Mauger, J.** Differential topdressing, Mar 31. **Millington, V.** From Field Days to Fieldays: how far we have come, Jun 37. **Morgan, J.** Opportunity knocks, Apr 21. **Morrison, I.** A century of shearing, Apr 50. **Murphy, B.** & Heyes, H. & Nisbet, T. Cold water cleaning gives the farmer a choice, Jan/Feb 17.

Mc **McArthur, J.** Retirement — a modern farming phenomenon, Jul 33; Smallfarming: annual conference, Jul 69; Helping people help themselves, Jul 91; More gilt on their gingerbread, Aug 3; Everything but the fuzz, Nov 49; Bamboo — boomer or broke? Nov 56; Putting carts before horses, Nov 59. **McColl, H.** Soil critters: 1. Cicadas, Jun 91; 2. Wireworms, Jul 95; 3. Flatworms, Aug 104; Springtails, Nov 74. **MacIntyre, Hon. D.** Farm desk: Introduction to 70th anniversary, Jun 2. **McLaggan, H.** Not all that farfitched, Sep 63. **MacLean, D.** Six points to ponder before you rebuild, Jan/Feb 23. **McMillan, K.** & Duirs, G. Cell counts for quality control, Jul 25. **McShean, G.** Massey covers up, Oct 33.

N **National Water and Soil Conservation Organisation:** After the floods, Sept 6. **NZ Farmers' Fertilizer Co. Ltd:** Can I overlime my pastures? Mar 36. **NZ Wool Board:** First, take a door off its hinges — Shearing in France, Jan/Feb 27. **Nisbet, T.** & Heyes, H. & Murphy, B. Cold water cleaning gives the farmer a choice, Jan/Feb 17.

R **Rickard, D.** Irrigation benefits, Nov 63. **Roberts, S.** Rabbit breeding for plentiful meat supply, Jun 86. **Robinson, M.** Little things mean a lot, Oct 49; Strainer assemblies, Nov 35. **Roulston, A.** Country Home: Room to graze a couple of cows, Jan/Feb 65.

S **Shimmins, M.** "There's gold in that thar furrow" (World Ploughing), May 23; Ag-Export, Jun 41; Aerospace Industries — Flying high, Jun 47; Keeping kiwifruit clean, Aug 49; Saanen goats at Ruakura: milking and management, Sep 51; NZIAS: Convention report, Oct 77. **Smallfarmer:** Smallholdings — who for? Aug 73; Smallholdings — what for? Sep 57; Restraints, Oct 87; Shelter, Nov 75. **Steele, K.** New nitrogen soil test for maize, Aug 21. **Steele, P.** First small steps to meet the beet, Aug 37. **Stewart, D.** & McLeod, R. Producing fue's on the Farm, Sep 9. **Stewart, J.** $5 billion... if, Jul 79. **Storey, R.** Agricultural co-ops need a forum, Oct 13. **Studman, C.** & Warburton, D. Savings start with time switches on your heaters, Jan/Feb 14. **Sykes, A.** Ewes too, at risk, Jul 45.

T **Tane, H.** Living in harmony with nature, Sep 23. **Thompson, R.** Pig industry, crit & counter, Sep 69. **Thomas, R.** Country Home: Rice is worth serving often, Jan/Feb 67. **Tipene, P.** A stranger among us, Sep 71. **Turner, E.** Good news for ewes, Mar 25; New MAF farm gate and strainer assemblies, May 57. **Tussock Grasslands & Mountain Lands Institute:** Controlling Hieracium — competitive cover is the answer, Jun 90.

U **Unwin, R.** & Cornforth, I. Fertilising for better barley harvest — Manawatu and Rangitikei needs assessed, Jan/Feb 29.

W **Walker, T.** Urea from Maui gas — the wrong decision, Mar 39. **Warburton, D.** & Studman, C. Savings start with time switches on your heaters, Jan/Feb 14. **Warren, A.** Berryfruits — what's happening overseas, (Part I) Mar 22; Part 2, Apr 28. **Werder, F.** & Harris, G. Stopping the decline of our small towns, Jan/Feb 24. **Whittlestone, W.** Improved performance possible with positive pressure pulsation, Aug 33. **Wickham, B.** Top bulls can take us further, Jul 29. **Williams, P.** & Engstedt, I. Drive-in sheep service station, Apr 59. **Willis, R.** Dairy farmers — younger yet, Jul 22. **Wilson, J.** & Utting, P. A plea for a product and a people, Sep 75. **Woodgyer, W.** Clay or plastic for farm drainage, Nov 61.

Y **Yerex, D.** The deer farming dilemma, Jul 3; Halal markets — potential with problems, Jul 77; Farm help via Viewdata, Sep 33; A close look at Producer co-ops— Oct 11; Co-ops take hold in UK farming, Oct 17; The virus that could break us, Oct 101; Horticultural expansion lacks direction, Nov 9; Priorities and planning, Nov 13.

Index to Subjects

A **Agricultural potential:** $5 billion...if, Jul 79. **Agri-View:** Information explosion, Aug 47; The knowledge industry, Sep 39; Dear computer, I have a problem..., Oct 91. **AgLink:** Latest titles, Sep 81. **Animal health:** May feature— Developing an animal remedy, 33; What—a fluke?, 37; Sheepdipping — an ancient remedy, 39; Tip spraying, dusting and jetting, 40; The biology and control of lungworm in red deer, 42; Mastitis in dairy cattle, 46; Foot and mouth disease, Oct 101. **Animal welfare:** The animal welfare movement, Jan/Feb 32. **Anniversary:** The Journal's 70th, Jun 29. **Awards:** AC Cameron Memorial Awards: Only one way to find out — have a try! Aug 77; More than just a way of making money, Aug 81; More people, not machines — Skellerup Young Farmer speaks out, Oct 103.

B **Bees:** Requeening: Why I prefer to do it in the autumn, Jan/Feb 45; Harvesting the honey, Mar 52; Mechanical aids for beekeeping, Apr 63; Selecting apiary sites, May 55; Where the bee sucks — some inside information on honey, Jun 81; The pollinators, Jul 67; Home-made frames, Aug 89; Job opportunities, Sep 77; Group exports of beeswax, Oct 75. **Book reviews:** Jan/Feb 57; Mar 71; Apr 65; Oct 83; Nov 77; Dec 59. **Buildings:** October feature— Four main points, 29; Covered yards, 33; Wool handling with style, 35; Kitset centre, 39; Timber treatments, 41; Concrete suggestions for a concrete slab, 43; Little things mean a lot, 48; Kitset buildings, 51.

1980 Index
Vol 141-142
Jan — Dec

C **Computers:** Farm help via viewdata, Sep 33. **Conferences:** Smallfarmers annual conference, Jul 69; Ruakura papers, Aug 93; NZIAS: convention report, Oct 77; Grassland Conference papers, Dec 65. **Co-ops:** October feature—A close look at Producer co-ops...are they, 11; Agricultural co-ops need a forum, 13; Co-ops take hold in UK farming, 17; South Island Barley Co-op, 23; Ravensdowne Co-op, 28. **Country Home:** Room to graze a couple of cows, Jan/Feb 65; Rice is worth serving often, Jan/Feb 67; Make mine mustard, Apr 69; Crafts from Papua New Guinea, May 78; Swiss farm women content; Farm women active in Luxembourg, Jun 102; A young boy's first love; Recipe: Crystallised feijoas, Jun 103.

D **Dairying:** July feature—Production levels: Dairying's future needs, 9; Calf rearing: Easy answer in a 44-gallon drum, 13; Nitrogen: Pasture growth — to the power of N, 17; Veterinary-Vet's view, 21; Age Distribution: Dairy farmers — younger yet, 23; Milk quality: Cell counts for quality control, 25; Stock quality: Top bulls can take us further, 29; Ag products, 32; Improved performance possible with positive pressure pulsation, Aug 32. **Dairy sheds:** Jan/Feb feature—Savings start with time switches on your heaters, 14; Cold water cleaning gives the farmer a choice, 17; "Rotary" fizzles out, now it's "abreast", 19; Six points to ponder before you rebuild, 23. **Deer:** The deer farming dilemma, Jul 3. **Disasters:** After the floods...back to the farm, Sep 6 & 7. **Drainage:** Clay or plastic for farm drainage, Nov 61.

F **Farm accounting:** Reconciling your stock is fundamental to deferring tax liability, Jan/Feb 51; Farm values up 15%, Apr 33; Plan what tax you'll pay, Oct 85. **Farm desk:** Jan/Feb 5; Mar 5; Apr 5; May 5; Introduction to 70th anniversary issue by Hon. D. MacIntyre, Minister of Agriculture, Jun 2; World food programme resources "virtually stagnant", Jun 3; Jul 2. **Farm fuels:** Alternatives, Jul 95; Producing fuels on the farm, Sep 9; Jumping on the rapeseed roundabout, Sep 85. **Farm water supply:** Logistics of farm water supply, Jul 38. **Fencing:** May feature—New MAF gate and strainer designs, 57; Where would we be without wire? 61; Fencing for the 80's — Economical deer fencing, 63; Electrifying remote areas, May 64; Efficient breakfeeding system, 65; New fencing products, 66. **Ferret farming:** Not all that far-fitched, Sep 63. **Fertilisers:** May feature—"Those magnificent men", 29; Differential top dressing, 31, Can I overlime my pastures, 36; Urea from Maui gas — the wrong decision, 39; A fungus for the future, 40; Fertiliser — what of the future?, 43; Seaweed—myth or magic? 47; Find out what's in the soil and in the plants, 50; New nitrogen soil test for maize, 21. **Fieldays:** June feature—12th NZ Agricultural Fieldays preview, 33; From Field Days to Fieldays, 37; Guest nation-New Zealand, 39; Ag-Export, 41; Ruakura Farmers' Conference 1980, 43; Aerospace Industries: Flying high, 47; Open day and demonstrations at Newstead AB Centre, 49; 1980 Fieldays round-up, 53.

G **Gardening:** May — early winter tasks, May 75; Winter gardening is not all gloom! Jun 99; Warmer days are not far off, Aug 102. **Goats:** Saanen goats at Ruakura: milking and management, Sep 51; December feature—Goat meat and regrowth control, 9; Feral goat behaviour, 15; Marketing goat meat, 21; British Alpine goats, 25; Electric fencing tips, 28. **Grain:** New grain cooling system, Jun 32; This burner could cut grain-drying costs, Jul 51; Is wheat worth it? Jul 73; Pests cause high grain loss, Nov 71.

H **Herbicides:** 2,4,5-T debate, manufacturer's viewpoint, May 28; Findings of "Dispute Resolution Conference", May 29. **Hill Country:** South Island hill country farming — the rewards are real, Oct 55. **Horses:** Breeding from your pony mare, Part 3—the foal is born, Jan/Feb 43; The Arab—"prince of palfreys", Jan/Feb 63; Breeding from your pony mare, Part 4, Care of the foal from birth to weaning, Mar 55. **Horticulture:** Berryfruits — what's happening overseas, Mar 22; Apr 28; Exotics — A guide to some that may be grown in New Zealand, Mar 58; Apr 56. Opportunity knocks, Apr 21. Mechanical raspberry grape harvesting, Jul 53; Bark—a valuable resource for horticulture? Aug 17; Keeping kiwifruit clean, Aug 49. What future for table grapes, Sep 59. November feature—Horticultural expansion lacks direction, 9; Priorities and planning, 13: Persimmons & loquats—viable prospects for New Zealand, 19; Frost protection, 25; Horticultural structures, 29; A simple test for N status of plants, 39; Kiwifruit — slice and spread it thinner, 43; Everything but the fuzz, 49; Bamboo—boomer or broke? 56; Putting carts before horses, 59; Potato and onion production and prices, Dec 61.

I **Insecticides:** How insecticides work, Apr 37. **Irrigation:** Irrigation benefits, Nov 63.

L **Lambs:** Clues in the lamb schedule help you plan production, Jan/Feb 35. Lamb deaths...look the other way, Aug 13; Lose less lambs push up profits, Sep 31; Overfat lambs should get the chop, Nov 65. **Letters:** Jan/Feb 7; Mar 9; Apr 6; May 6; Jun 5; Aug 96; Liquid seaweed, Oct 81; Nov 67. **Lucerne:** Lucerne seed-setting — the role of the leaf-cutter bee, Oct 67.

M **Machinery:** Low-cost diet feeder (the Howard Rotamix), Apr 67; Radical change in tractor design, May 49; Beet harvesting, Aug 36; Milking machines for goats, Aug 41. **Maize:** New nitrogen soil test for maize, Aug 21; Root rot — maize growers must live with it, Sep 45; McLean: Maize growers must compete, Sep 65; **Marketing:** No-name brands — good news or bad? Jan/Feb 55. **Meat:** New Zealand Meat Export Industry — a background, May 67. **Milk:** One man's attempts to market cartoned milk, Jan/Feb 57; Milk now has to compete, Oct 95.

P **Permaculture:** Living in harmony with nature, Sep 23. **Pesticides:** Keeping kiwifruit clean, Aug 49. **Pests and Diseases:** August feature—Country-wide intelligence service, 55; Leptospirosis, 61; Intensive farming must mean intensive husbandry (Salmonellosis), 64; Pest management programme, 67; Drenching policy can help breed resistant worms, Oct 63. **Ploughing:** "There's gold in that thar furrow..." (27th WPC), May 23. **Pigs:** A do-it-yourself cooker conversion to LPG, Jul 57; More gilt on their gingerbread, Aug 3; Pork industry conference — marketing, Aug 7; Pig industry crit & counter, Sep 69; Kune-Kune breed, Sep 71.

R **Rabbits:** Rabbit breeding for plentiful meat supply, Jun 86.

S **Shearing:** Shearing in France — First take a door off its hinges, Jan/Feb 27; 20th Golden Shears, Apr 43; A century of shearing, Apr 50; Automatic shearing... still not past square one, Apr 53. **Sheep:** Good news for ewes, Mar 25; Drive-in sheep service station, Apr 59; Ewes too, at risk, Jul 45; Four basic factors: Men...stock...grass...money, Jul 81; Using Sheeplan to buy a ram, Aug 25; Follow my leader, Sep 25; One breeder's recording system, Sep 43. **Shelter:** Shelter, Jul 61. **Shows:** Smithfield '79, Mar 64. **Silage:** Pre-wilting is a paying practice, Oct 111. **Smallfarming:** Annual Conference, Jul 69; Smallholdings — who for? Aug 73; Smallholdings — what for? Sep 57; Restraints, Oct 87; Shelter, Nov 75. **Social:** Stopping the decline of our small towns, Jan/Feb 24; Retirement—a modern farming phenomenon, Jul 33; Helping people help themselves, Jul 91; Farming agreements — all types for all situations, Aug 85. **Soil critters:** 1: Cicada, Jun 91; 2: Wireworms, Jul 94; 3: Flatworms, Aug 104; Springtails, Nov 74. Tiger beetle, Dec 58. **Standard values:** Inland Revenue — new standard values for all stock? Jul 7.

T **Topdressing:** December feature—Helicopters versus fixed-wing, 29; Ground rock phosphate possibilities, 35; Fertility transference on hill country, 39; Reducing accidents, 43. **Trade:** Halal markets—potential with problems, Jul 77.

V **Vets View:** Dry cows — Treating bloat; Rabbits; Tupping tips, Apr 57; Abortions; Ragwort poisoning; Export losses; Postbag, May 73; Dairying feature — calving, Jul 21; After-calving problems, Aug 71.

W **Weeds:** Controlling Hieracium, Jun 91. **Wheat:** Is wheat worth it? Jul 73. **Wood:** Under the greenwood tree, Jun 85. **Wood burners:** "The most efficient wood-burning stove in the world", Jan/Feb 38.

Y **Yerextra:** Oct 5; Nov 5; Dec 5.
